

Dear Bob- I'm leaving for New Orleans Saturday morning and will  
 CUTLER DESIGNS discuss this with jim. It may be that, with your R. B. CUTLER, ARCHITECT  
 knowledge of the subject, there are things you can do. I'll write you after I  
 38 UNION ST. MANCHESTER, MASS. 01944 return, which should be about 12/15 TEL. 526-1521  
 12/15. When you are in Miami, one thing you can do for me is look up Bill Barry,  
 who you may remember from the chapter Preliminary Postscript from Miami, and see if

am planning trip after New Year's to Miami,  
 New Orleans & Dallas - would like to be of  
 assistance and perhaps you would need  
 some info or something - I'd like very much  
 to try and talk even a few minutes to Jim  
 Garrison - not sure exactly what about -  
 perhaps you could suggest something - that  
 perhaps you need - I think I'll try to set  
 this out in plan - your points of the luncheon

DATE he does and comes up with anything,  
 he first check with Jim to be certain  
 that his use of it pre-trial would not  
 jeopardize its use in the trial. If he  
 says "yes", please let me know. One that  
 he can do without checking with Jim, but  
 I'd like a set of what he gets to read  
 and one for Jim, is the arrest of Loran  
 Hall at or near Key Largo by the customs  
 people with a trailerload of munitions  
 and drugs, approximately October 1963.  
 Another would be the stories of the raids  
 on No-Name Key, especially the names of  
 the people involved. Here Jim and I could  
 both be of use to him. I think he can get  
 a good story from either without hurt &  
 possibly with help to Jim's case. In  
 return for his help, I'll give him copies  
 of any Commission documents with these  
 names in them. I have someone working on  
 the west-coast angles. Another thing that  
 could help in any of those areas is radio-  
 TV stations that would air me by phone. I  
 may be speaking in Fla beginning 1/15. It  
 would be good to know what kind of files  
 Barry and the papers have on such things  
 as the anti-Castro Cuban groups, people,  
 activities... Fla now wk of 1/22. Best, H.
