To Harold Weisberg Route 12 Frederick MD 21701 DATE XII/5/79 HW — talking to Bill O'Railly who witerviewed you recently for CBS Hartford - he told me you had maintioned powder burns on The Throat wound, JFK - I'm sure	DATE 12/8/79 I did not tell Bill or anyone else that there were any powder burns on JFK's neck pr anywhere else on his bbdy. I have no reason to believe there any there or elsewhere and every reason to believe it was entirely impossible. My writing, with which you are familiar, parti- cularly Post Mortem, is exattly the opposite of this. I hope another myth is not about to be launched based on this non-fact. Sincerely,
you have a document for that- could I please pay for a copy of that document - trust your hearth is continuing strong charie. B	SIGNED
