Dear Ms. Domarew,

You have no need to apologize for the emotions we should all feel and just about all the many who write me articulate. It may also interest you to know that since publication of Case Open most of those who write me make it a point, as you do, to tell me how young they were when JFK was assassinated or that they'd not yet been born.

I enclose our price list ^{add} a page from the Carroll & Graf catalogue on NEVER AGAIN! They've done nothing to promote or sell it but your bookstore can get it from their regular suppliers.

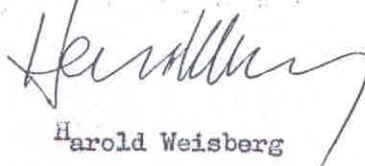

Among its importances is the proof it holds that the crime itself was never officially investigated and was never intended to be. Thus there are no leads for private persons to follow.

Health reverses and age, I'm now 83, have combined with other problems to keep me from making ^{available} full copies of what I wrote only a small part of which appeared as Case Open. I've not had a word of complaint from Posner or his publishers, though.

There is no question in my mind: the world turned around 11/22/93.

Sorry I've no time for more.

Thanks and best wishes,

Harold Weisberg

Dear Mr. Weisberg,

Oh, Mr. Weisberg where do I begin to tell you of my frustrations and pure outrage regarding the Kennedy assassination? I am finally writing to you after all these years have passed since the Kennedy assassination, and my unending search for the truth, and extreme anger in the fact that we really don't know anymore than we knew a few years ago. I too am a very strong believer in the conspiracy (and I won't call it a theory) fact of the assassination. I am an avid believer of you and your informing and factual books regarding the John F. Kennedy assassination.

To give you alittle insight of myself, I am 41 years old, and was only in third grade when the assassination happened. Despite the fact that I was very young then, I have vivid memories and wonderful images of the Kennedys because my family made sure that I carry his legacy and memory throughout my life. A day doesn't go by that I don't think about him, and the mess we have made of our country since that horrible day in November 1963. I still cry when I read about John Kennedy, watch a movie, see a documentary, or read a conspiracy book(and I have many, although I am missing many of yours, since some are out of print or I can't find). It just breaks my heart knowing that these #**#@!!! got away with this horrific murder of our beloved president. I just want to scream and go after someone, but I know I am just one and can't do much to help the cause. I want you to know if there is anything at all that I can do for you and your cause, please let me know!!!

I, in my heart know that Oswald is innocent of the killing of President Kennedy, and that many powerful and influential men killed him. Of course Lee Harvey Oswald was involved in the CIA and maybe had prior knowledge of some sort of plot against John Kennedy, but that doesn't make him guilty of the assassination, and I believe he IS innocent of the murder of Kennedy and Tippit.

Many people think I am crazy and stupid for pursuing anything about the assassination, because they say, it is over with, done, and in the past. But, I say NO! We MUST find out and seek the truth no matter what! How can we go on when the past still haunts us? Ever since my beloved John Kennedy died, this country has taken a rapid spiral downfall for the worse with such presidents like Johnson, Nixon, Reagan and Bush in office. Ever since the assassination, we are living under a cloud of lies, half truths, and secrecies. Remember, Nixon and Bush had ties to the CIA, and amazingly Nixon's name comes up in many conspiracy documentaries. I wonder why? Mr. Tricky Dicky was at it even then....

Mr Weisberg I want to commend you for your efforts and unending search for the truth. I watched you on "The Men Who Killed Kennedy" and I agree with you wholeheartedly. There must be a way to convince news reporters like Dan Rather, Mike Wallace and the rest of the henchmen that serve their masters well, that they are doing an injustice to themselves and the rest

of the world. As long as they continue to agree with that fantasy, and fabrication of fiction that the Warren Commission fed to us, we will continue to be victims of a socialistic society. I am certain however, that the American people have already decided long ago that they are too smart to believe such lies and misrepresentations of the facts.

Although I don't agree with some of the conspiracy "theories" that some researchers write about, I can say that some of the things they say may be true. However, the person that wrote "Case Closed, and we know who he is, is a big liar and fed many misrepresentations and falsehoods to the American people. Where does Mr. Posner come off in writing such lies and making up things that are just not true. He interprets things in photos and videos that aren't true, and mixes them up to serve his purpose, Whatever that is? And to say he interviewed people and doctors that now say he never conducted such interviews with them. Once again, the twisting of truths comes alive, and because "our news media" liked what they heard and read about Mr. Posner's book, (because it served their mission well) made such a stink and hyped the book on national T.V. I am so disgusted beyond words about the whole thing that it makes my stomach turn knowing that the Mafia, CIA, Pentagon, right wing extremists, and the rest of the liars and bastards got away with the murder of our wonderful President. I often compare President Kennedy as a present day Caesar, with enemies all around him, closing in fast, (even his own vice president) and he never knew it!!!

In my heart and mind and deep in my soul, there will never be another John Kennedy. He had such vision and true substance, and compassion for his fellow man and country. I know we would have been a lot better off if he was still with us. On that fateful and tragic day, November 22, 1963, we not only lost a wonderful man, but we lost everything else. I truly believe this.... I miss him so very much that my heart aches for the loss, for myself and everyone else.

I hope that this letter isn't too strong or opinionated, but I felt that I had to write to you and tell you how I feel. I'm sure you get many letters such as this, and mine will only be amongst the many. I hope that you have the time to read it and I look so forward to receiving some kind of acknowledgment from you. It would make my efforts so much more rewarding. I am also writing to find out how I can obtain copies of the "Whitewash series, and the expanded version of "Case Open: The Omissions, Distortions, and Falsifications of Case Closed".

On November 22, 1963, we lost our President to a turkey shoot in Dealey Plaza, and the murderers got away with it. That's the REAL injustice here!!! But let us not forget that on November 24, 1963, in a Dallas Police building, another man lost his life to an assassin's bullet, and his name was Lee Harvey Oswald. From that day on, I mourn for him too.

Thank you so very much for getting the FOI act passed on the records of the assassination. Unfortunately, due to governmental lies, bureaucracy and blackened out items, do we know or will we ever know the real truth? Unfortunately not, I'm sorry to say. Just when there seems to be a light at the end of the tunnel, we seem to stumble, trip and fall into another hole, and the cover-up still continues on..... Why, can't the truth once and for all be told? Who is still alive to fear its repercussions? I know I should stop dreaming and get back to reality. It will NEVER happen. Thanks for listening and my babbling on about my feelings. I needed someone to listen. I appreciate your kindness, hard work and tenacity. You take care and I hope to hear from you soon.

Sincerely yours,

Rae J. Marek

P.S. Since I am mostly at home due to some physical impairments, I have time on my hands and like to do research and investigative work regarding the assassination. If you can help me with my seeking of the truth in anyway I would appreciate it very much. I am not writing any book or do I plan on it, I just like to do it for my knowledge and for my children's future's. I try to teach them everything I know on the assassination and John Kennedy, so they can pass it on to their children and "the torch is then passed to a new generation of Americans". And the gift goes on.....
