Dear Mary,

Thanks for your letter of the third.

The Pravda articles you returned originally came from out here, so I can send you a better copy if you would like. If you are interested in Davison, perhaps you could check the Dallas papers for two relevant periods- Dec. 12-25, 1962, when the case first broke, and May 7-10, 1963, when the trial was held. Since one of Davison's fellow spies, Robert German, was from Dallas, the whole affair may have gotten good coverage. I am interested in anything on Davison, but especially any indication that his parents (Mr. & Mrs. Hal D.) were known to the Dallas Russian community. Perhaps you could check the social pages or the files of the local papers.

I'm looking forward to seeing your translation. On second thought, I think I will return the copy you returned (trimmed to save postage).

You mentioned a radio interview with Sgt. Hill on 11/22. CD 1210 (7 pp.) is a transcript of an edited interview Hill gave a friend in Sacramento before 6:45 (California time) on 11/22. If you don't have this, I'll send a copy.

There is no need for you to send me the Bonner book when it comes out. I gather I can afford to wait until it gets into the stores here before deciding if I want to spend the money.

Sincerely,
