Dear "r. David,

Thanks for your letter. Ndo appreciate it.

All my records, all my work, all my unpublisher manuscripts, will be at local pod College. Sylvia "eagher's records are already there and have been accessioned.Gerald Hchnight, a dear friend and professor of history there, took his free time one year, including the summer, to do the accessioning.

<u>NEVUR AGAIN</u>! was written before <u>Case</u> Open but was not published until after it.

You do not mention having it.

"holesalers still have it, I understand.

If your book store has no connection with any wholesaler who stocks it, national distribution is by Publishers Group West.

I'm sending a copy the of your letter to friends on several faculties.

Thanks and best vishes, Harold Weisberg
