Dear Paul and Gary only,

Several interesting developments, with some copies to Paul who I ask, please, to copy for Gary if he is interested.

Draw your own conclusions, if any, from the enclosed annotated clipping from Pens. He says of a story on the Garrison speech at the banquet in his honor, which begins with the charge that the CIA killed JFK, "The Truth", in English and Spanish. Is this his opinion or has he proof? Or what he may regard as proof? When I write I'll send copies.

Not enclosed because they are so poor they cannot be copied are the results of my inquiry into the merogues of the Atlanta papers. What I have is not complete because it does not include other things referred to, but it is enough to substantiate what we all believe possible as a possibility. I'll attempt to get clearer copies and send and what is, by internal evidence, missing. These clips include a photo of Alexei, and his face is familiar but I cannot place it.

By having another inquire for Vallee material I have obtained CD149: 19A, which confirms that Vallee and only Vallee was arrested in connection with the 11/2/63 cancellation/threat. Interestingly, when the Arch told Jim S that the Valle documents were withheld at the request of the FBI, this doc, which correctly spells the name Vallee, has Valle written at the top. "oreviously mentioned" refers to I do not know what, in terms of other reports. This is dated 12/9/63 at the bottom (I've used a scrap because my supply is dwindling and I expect to get better copies soon). CD 460 is February, as is CD462. CD 47 is earlier in December, but the possibility of other respots not only exists but from the comparison between this and 47 seems certain.

But this in itself establishes the complete dishonesty of the others and the Chicago files I have.

There are other areas in which I am having inquiries made.

This page is numbered one, which makes me wonder if there are more. When I can, I'll have to check that file in person.

Sincerely,
