Hal -

Your clue on  
who worked  
on the Zapuder  
film panned out,  
I think.

You gave name  
HANSEN - no  
such in CA directory.  
But did get a  
LARS HANSEN, EXPORTS  
and residential  
listing. Believe  
that's him (have  
heard his distancing  
himself from Cooper).

Am getting an extended  
play videotape of something  
Bill Goldman (Las Vegas  
talk show) put out which,  
anote has a clearer  
take of Hanssen's clip.  
Can get to you if you want.
