CHICAGO, Sept. 18 (UPI)—Leaders of the demonstrators who battled Chicago police during the Democratic National Convention said today that they will picket every rally of the three major presidential candidates from now until election day.

Their spokesman, Rennie Davis, said, "We intend to con-

front the three candidates everywhere they speak by carrying the spirit of Chicago into every corner of the country."

He defined "the spirit of Chicago" as "a spirit of defiance and resistance against a Government that continues to ignore the popular sentiment against the war."

Davis appeared at a news

conference with Tom Hayden and Abbie Hoffman.

Davis and Hayden were the project directors for the National Mobilization Committee, which played the lead role in bringing thousands of anti-war demonstrators to Chicago during convention week. Hoffman is head of the Youth In-

ternational Party (Yippies)

On Election Day, Davis said, there will be major demonstrations at the polling places where candidates Hubert Humphrey and Richard M. Nixon vote. On Inauguration Day, "thousands" of demonstrators will be in Washington, Davis said.
