Dear Mís. "ombardo,
Under date of $11 / 24 \mathrm{Mir}$. Ruth ann Meyer offered we time to rsaponase to tho inganitieg of one Deppernank on your $11 / 20$ show. I take this to be William H. Depperian. If I remember eorrectiy he is big on ears aes he is in mouth.

In context his atupidities are libelous. However, I have no interest in doiag any* thiag a oout it and certainly hold sone of you to accouat. You candt hely what some irrathoral partisun apouts off/b

I would, however, like very much to have the entire show on tape, mostly for the archiver I will leave. It has a ragues' gallery. If the cabal of minch Depaszaua is part are mot roguas they are crazy. I do mot mean this in the senae of a figure of speech. If you can do this I have a cassette machine.

Werw sy circunatances different I might agk to be heard the next time I'm in Neu York. However, I do not kaow when I'll be there. I do only what travelling $\alpha$ muat becauge㐭 little over a year a.jo I suffered an actute thrombophlebitis. Keeping my laga pendant for long perioda is not yood for ne. 02 zublic transportation I can move around. I cannot when I drive, as I must to get to pubilc tramportation. In other ways I am quito active.

I have publisied sovon booka oje political assasaination, much more than any othor person and more than all other reaponaible work combined. I hav used the Ireadoin of Inforuation Act mora than any other person of whon I latow. Publication is the opsosite of suppresilon. And if I wasted to auporesser vhat I forcect ont of official sugpraseion uader FOIA it is impossible. Once I blast it loose any persom is entitled to it. Recently the FBI testified that a mumber of theme nate sre on my back in sy suft for the suppreased evideace ia the assamaluation of Dr. Alag. If you naw the AP story of 10 daya ago, those released records became mine under court compulsion in my C.A. $75-1996$ in federal court in Wamhingtom. The fact is that mbon it is witizin my capahilitiea I hold prese couferences and cive saray what auc, without support or subsidy, to obtain. Hy last one ia New York was the ond of ApMil 1975, le Although I came down with paeunonia while there I wemt through with this and gave away xeroxes of a Warren Comisaion executive sesaion transcript it had taken me about seven yeara of effort to get. I also then guve away xeroxes of what I had ob ained in this Kinis suit. Siace then I have had several such conferencea in Wanhington whore I done the same.

When I sue the government this often it is, of course, libellous to exy I am its agent on this subfect. How Deperman would have asy way of kuowieg, eithsr way, is not apparont. That I would not support the inventions of his uarbologint master nay explain his fabrications. The roality is that these parandids and other nuts do the work of errant officialdom.

I go into this because I have dome nuch work sinca Mr. Nabel aired in 1966, when ny Pirst book was the firat book on this subject. ihen shows"want to use me by phone I an gonerally available. If I know in avdgnce I arranga to be free. Because I have no intereat in personal sublicity and much interest in contimuing my work I do sot solicit atteation. However, the Nobermanda and the Depperyen mind-poisoning ought not be givan to a sorrowing and trusting people without truth and fact being available at the sase tiae.

From their book, which I have not read, the inebels may be interested in knowiag that ${ }^{\perp}$ Ifve near where $\mathrm{Dr}_{\text {. O }}$ Olson's wifo does and where she raised thair shildrego I knew the oldest when he was 15. I live less than 10 minuton from the closost gate to Fr. Detrick, wherw that CIA drug work was dome. Again thanks, sincerely, Harold Weisberg
