Dear Mr. Dillard,

In your testimony before the Warren Commission, you testified that you took three pictures, two of the face of the TSB and one of the motorcade as it sped away.

I should like to get a print of each, made from the full negative.

If you will let me know the cost, I'll send you a check.

While I do not plan publication of the pictures, if I should desire to do this, if there will then be an extra charge, let me know and I'll then send you an additional check.

Because they are in evidence, the National Archives will supply print at \$1.50 each. I am writing you to be certain that I get prints made from the full negative, not cropped pictures.

If you have a stamp, please stamp the credit to yourself on the back. I expect most of my materials to go to a University Archive and I think it would be proper for everything to be credited.

Have you seen or heard of any pictures not introduced into the Commission's evidence that show any part of the assassination story? I am particularly interested in pictures showing the front of the building and the people standing there.

If it is not too much trouble, it would be helpful if on the back of each print you would note the camera, lens and film you used.

Thank you very much for your assistance.

Sincerely yours,

Harold Weisberg
