

Law Enforcement Intelligence Unit/AP story, WxPost 5/15/75

Edited by Post or at AP not to include what Don Rothberg discussed with his desk while he was here yesterday. This agent did not do any work on organized crime, the ostensible purpose. Some client was demanding more and Rothberg did not want to provide it apparently to preserve source, not suppress. So the desk called him here several times. If you see longer story, I'd be interested in knowing if it includes anything of consequence. HW 5/15/75
