

Dalles WPC-TV-10/11

"So nobody suspects him" - he should have a  
cover & not be from Britain - Dalles on good report  
Then points out that a man is an excellent man

CA has no dossier on anyone in the U.S. unless he  
is a spy. Antiterror security is job of FBI.  
Then what was CIA doing with a dossier on D.

Genie on comment from Denny on same side
