Dear Mrs. Weisberg:

Thank you for your letter of November 14th. I certainly shall delay publication of the story until your husband can provide me with further information. I want my article to be as accurate as possible, so any information and details he can supply would be very much appreciated.

The meeting in San Francisco last December was under sponsorship of the Militant Labor Forum, a Trotskyist lecture platform. I can send you a photocopy of the ad which appeared in the National Guardian, if you wish.

Thank you again for writing to me and I look forward to hearing from your husband.

Sincerely,

Henry P. Durkin
