Dear Mr. Whitson,

When I received the release from Mr. Hamilton two weeks ago I went to a notary immediately and sent it back by return mail.

In my letter of December 7 I asked that I receive the check in time to use it within this calendar year. I have heard nothing since from Mr. Hamilton. Nor have I received the check.

It is not only from need that I made this request.

I have had no income this past year. It therefore is important to me for tax purposes to have the check within the tax year.

I realize that the procedures of organizations take time.

However, because it can be costly to me if I do not receive the check in this tax year and it would seem to make no difference to others when it is issued, I do hope that you can expedite this matter, as promised by you and by your secretary when she phoned.

Thanks for anything you can do.

I hope you have a good holiday and that the coming year brings you no such inheritances!

Sincerely,

Harold Weisberg
