Thear Teul,
an extranenue tinu ht iust oceurred to me, so I rite this br: of prite witaout caeckir. if nut furtaer.

In نう 1349:1s debrueys gives ze uis avuree on tue rumor IEde was poing to moscow one culllermo ntonio fellio. Howaver, in esrier reports, does ne not egsien $E$ I number to him?

IVow, unJess this won just carelessness (assuming my recollection is correct), why was there ny need to assign mi in ormant number to i elilo to begir with?

Without deep thought, two things occur to re: Bellio is one of his reqular informsnts 0 uben ectivities or there ey be e specisl significunce in bis heving been edmitted th the uS on imnierant statueor thet this ie exploited by the fesbees.
t least some of the IFS popple es umed adced functione ritn respect to Jubus (In this report he apotes eve mith ano tuink Iens
