GEORGE HARDING, JR., 2455 Nelson Way, Sparks, Nevada,
advised as follows:

He recalls that the organization in Los Angeles, California, with which he was associated was named the First Church of Christ Christian or Church of Christ Christian. He first became interested in the organization through his cousin HARRY WILSON who operates the Early American Chair Company, Los Angeles, California.

He does not recall the names of all the individuals he met in this organization but at the time he furnished all of the names in his possession to Special Agents of the FBI in Los Angeles, California. He recalls that the head of the organization was Doctor WESLEY SWIFT. The second in command was a Colonel WILLIAM GALE, an attorney, who was supposed to have been the youngest intelligence officer under General MAC ARTHUR.

This organization in California intended to assassinate three hundred public officials in high positions of the government and industry. Eight men were to be assigned to each of the three hundred victims and not one of the eight would know the other seven, and the mass assassination would take place as simultaneously as possible.

He never did formally join this organization but was given to understand he was "in". He was also told by JAMES SHOUP that he might be tapped for one of the eight men. They led him to believe they were serious and that anything he did was at the risk of his neck and if he did any talking it would mean he would be taken care of and his children by a previous marriage would be harmed.

He had made up his mind to leave Los Angeles, California, and after talking to the FBI in Los Angeles he did not attend any more meetings and attended one private meeting at which time he informed the members of the organization he had a job and would have to leave Los Angeles. He did not tell anyone where he was going and the only person who has his address is his cousin HARRY WILSON.

He came to Reno, Nevada, and obtained a job as a milkman for Model Dairy. He begins work each day at 4:00 A.M.
