

11/10/68

Dear Jim,

It was almost like when I was a little, little boy so many years ago, when I would play with my toy airplane and I would always want to fly it over the house and my mother would always say "No, you can't do that, you'll knock it off the roof".

Well, I have a feeling that the people who are trying to cover up the assassination of President Kennedy are doing the same thing.

They will never let you know what they are doing, because if you did know, you would be shocked at what they are doing.

But I had an idea you were going to knock it off so soon. I have your product placed right in front of you so you could see it.

Today, I am going to tell you about the book "The Assassination of President Kennedy" by James W. Hargan. It is a very good book, but it is also a very bad book.

The book is written by a man named James W. Hargan. He is a man who has been writing books for many years.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

He has written many books, but this one is the best. It is a very good book, but it is also a very bad book.

They have a story designed to appeal to liberal-progressives, which they are not.

There have been some interesting byproducts, the kind of little intellectual jabs. Telling you will help to avoid the more clever and therefore more vicious traps which we previous traps set for us here (see notes).

10. The following is a list of the names of the members of the Board of Directors of the Company.

general, the author's treatment of the subject is excellent, and the book is well worth the price. The author has done a good job of presenting the history and development of the subject and has done a very good job of presenting the theory (as I see it). I do not believe that the book can be recommended to all who would want to learn about the topic. However, if one is interested in the subject, this book is a must.

10. The following table shows the number of hours worked by 1000 workers in a certain industry.

stories, without mine, that I have located and interviewed a man filially confined from the work I did there, have located and interviewed a man filially confined for the security of the President (lived in his home two months), all sorts of weird verities readily in that city so congenial to the quittings of the world.

There is no doubt in my mind that Shaw and others) could see very well the
good side of me again. I would have met solid opposition if I had tried to do
the work in his office in the way it was to be done. I would have been
met with resistance and opposition. I had to go to the other side of town
and I could spend a few hours with the other men there, have a few
good cheeses and the drinks and relaxation.

Until then,
best
