Dear Grason,

I appreciate your letter. It might also be a good idea if you know how to make your way around in the files for Clarence's purposes. And it happens I have a search to be made in an effort to see if I can duplicate some files that were, I've just discovered stoofn. And maybe there is some typing. But you'd better look at it to see if you can make it out. So, it would be fine if you can come the 24th. Ordinarily I'm back from my early-morning schedule that day by nine. Excuse the rush,

Sincerely,

Harold Weisberg

Dear Mr. Weisberg:

I want to thank you for your kind hospitality last Friday. Senator Mitchell and I really appreciate your time and advice. As I stated to you on Friday, I would very much like to help you with your book and anything else that you might need to do with your JFK/MLK assassinations research. I can help with typing, proofreading, political research, legal research, mail, etc. I know that you are a patriot and have given this country a foundation to build on to fight political repression and preserve the civil liberties guaranteed by the Constitution. I want to help preserve and continue the record of history that you have given to this country and, for that matter, the world.

I do not need to be paid and I will volunteer as much time as I can. I can come to Frederick every other Friday to help you and learn your filing system. And you can call on me at any time of the day or night if I can do some work for you in Baltimore or Cambridge. I have a political science degree from Penn State and a law degree from the Antioch School of Law in Washington, D.C. I'm currently working as a Legal Assistant with the felony division of the Office of the Public Defender in Baltimore. I have attached my resume for your information and consideration.

Also, as I stated to you on Friday, I would like to buy the complete set of your books on the JFK assassination (Whitewash, Whitewash II, etc.). If you would be kind enough to autograph them for me I would be grateful. Please let me know how much your complete set costs and I will drive to Frederick to pick them up from you.

I hope that you'll consider my offer to volunteer as your research assistant. I know the importance of your work and the pricelessness of your collection. I also know that someone needs to understand your filing system and what your collection proves and does not prove. It would be a great honor for me if I could be one of the people who will preserve your work and legacy.

(2)

I'm not offering to volunteer to make money, run for political office,, or go on talk-shows. I'm offering to volunteer because I too, like yourself, want to make a contribution to our country's history and fight to preserve the civil liberties guaranteed to the people of the United States.

Let me know how I can help you, with your research, chores around your house, or anything else that you and your wife might need done. Again, thank you so much for meeting with Senator Mitchell and myself.

With best wishes,

Sincerely,

Grason Eckel
