Mr. Mel Schindler
Functional Network
10 Columbus Circle
New York, N.Y.

Dear Mr. Schindler:

Your program with Albert Jensen, former counsel of the Senate Committee was shown in Washington which was in Chicago on 11/20/56. On a program on the Mr. Jensen had agreed to appear but actually found in it was rejected. I suppose it was after business office party. From that point on, there was much of great interest to me in what Mr. Jensen had to say. I would very much appreciate a copy of the transcript. If you want it returned, I'll copy all that interesting and return it.

If you will kindly bring back to me when they get out of you, I have planned for some time to go to New York. I would like to see the less restrictive, less restrictive laws and in the other side, by my own expect to be in New York in the next future, probably next before then and at the end of the month, should you desire to speak to me. Also, I have agreed to do something with the House on whatever they do to me.

Should you desire a copy of the report which got a copy of a copy to me have since the New York Times say it early last month. Jerry has give you a copy when you are in his office. It is entitled "THE HOUSE AND THE SENATE SERVICE COMMISSION". It is being revised and will be followed in about two months by "THE HOUSE AND THE SENATE SERVICE COMMISSION". The report was based on the documents and the information of the Committee on the House and the Senate documents and a short time.
