Dear Mr. Weisberg:

This is in response to your inquiries regarding the Notification of Hazardous Waste Activity forms mailed to you and how your name appeared on our mailing list.

To give you some background as to how the mailing list was assembled, I am enclosing the criterion used in developing a list of potential hazardous waste generators, transporters, treaters, storers, and disposers who may be effected by the Resource Conservation and Recovery Act.

After considerable research, we found that your name appeared on the Dun and Bradstreet list which was used to issue Identification Numbers.

Enclosed is a zerox copy of the portion of the mailing list on which your name appeared. This mailing was intended only as a service to those people who are required to notify EPA as a handler of hazardous waste. We therefore, regret any inconvenience this may have caused you, and apologize for the delay in answering your inquiries. If I can be of any further service please do not hesitate to contact me at 215/597-4269.

Sincerely,

Shirley D. Bulkin
