

Pp 108-109 - So what did Lito do for
the KGB? If all he supposedly did
was give it radar secrets, that he
would have done any way - and been
paid, if that is what he or they
wanted. Assuming that Lito was
used by the KGB, it is not up him or
by Epstein or in his unattributed
Petrov quote how this was done or
why it required his defection, a
not easy matter, and with his
admitted disillusionment, why
would he not say they at least
tried to subvert him to assure
his safety on return? Epstein's
claims make no sense at all.

Also dishonest is fail me to quote
what Meller said the FBI told
him, that LHO was okay.
Ep. does mention the Mellers
but as if to introduce him as
"distinguished" ^(11/69-70) ~~as if~~ ^{to}
the extent that he is ever referred to
as "Anna Meller's husband" (141)
When he makes an intro. for LHO
at the Employment meeting ~~in 1970~~

Radio Free Europe is not
CIA to Ep, only "government-
sponsored" (206)

27 id 321, Sam Newman did not tell him
That LHO rented an office. I also interviewed
let Newman, as did FBI & SS. He told this
to none of us. However, Epstein is careful
not to say who had rented that
office earlier - the CIA's anti Castro
Cuban organization, aka Pen D. O. had
was also CIA in the 1960s

His account of the assassination
does not include the missed
shot. He has the bot fabricating
LHO to needly it

What comes out as "extraordinary"
on 268 is that after 3 years of
it "Mason" was no longer to
be any more a subject of
'hostile interrogation' "

Epstein seems to make the
"only amp at case" as of
little importance. My con-
clusion is that it was major
and is dealt with at
length if perhaps not
total fidelity in "Lamia"

Example of deliberate dishonesty
where fact opposes his Park is only
in on 150 & 308 on what Murray's
wrote said, ignored in text + buried
of not discussed within notes; and
saying nothing about it but says
Parkin told FBI (150) or what is
known about Parkin's connections
with the "De men wauft" LHO had left with
de M (150), clearly not what Ep says, in
context, what the government got. There is to
be a publication by the de M family of 200
pp of a LHO memo fall 1978
