Dear Mr. ~~Mr.~~ Flores,

Thanks for your good wishes. I hope the holiday season and the coming year are good for you.

The question Bremer's lawyer asks was obvious at the time ~~of~~ of the ~~crime~~ crime. That the federals did not want it is a bit unusual, I think, but I cannot really give it any meaning.

What I had on Bolden and Vallee is packed away and I have no access to it now.

At the time I decided that there was no connection with the assassination and that neither had any connection with Oswald.

Best wishes,

Harold Weisberg

My Dearest Compadre Harold,

Hoping that these few lines find you in the very best of health, I write to you for two reasons, and yes, at the risk of incurring your wrath, as I know you have no time for letters.

I recently spoke with Mr. Benjamin Lipsitz, the attorney of record for Arthur Bremer. Just before concluding a completely unproductive conversation he suddenly, as if dangling a piece of candy in front of a child, he said, "I would advise you to find out why the Federal Government relinquished its power to the State Government in this case. What was in it for the Federal Government to do so? It was already on the books as a federal offense." He refused to opine on this question. I am hoping that you will as I have always respected your opinion.

A colleague wishes to begin delving into the Chicago Conspiracy against J.F.K., Abraham Bolden, Thomas Vallee, and Oswalds involvement in it. I said I would ask you to see if you wanted to sell copies of what you have on it. If not, where would you advise that he look, besides the National Archives. A source in New York advises that the N.S.A. has a great deal on this subject. Please advise Compadre.

Thanking you for your time, patience and understanding I remain

Always by your side in spirit,

Ciba Cuyo

I bid you peace

P.S. Thanks for putting me on to Les McCune. Muchas Gracias Compadre.
