Deer Mrs. Felkner,

Letters like yours mean much to us, for as you detect, things are not easy. We have yet to break even, though we are getting nearer, and what we really want to do is beyond our capacities. We'll do most of it, but it will take longer, and I want to do everything yesterday, when it was already too late.

There may come a time when I will accept your offer. I know you mean it. There are many timesx when my wife cannot do all the typing. Unfortunately, my handwriting is close to illegible. But we do, very much, appreciate it.

The Newsweek clipping had not come to my attention, and I am happy to have it for my collection of Liebaleriana and that happy day how when he can run no longer and agrees to confront me. That story dfallFE's technicians remaining stlent after damaging a property worthy more than \$25,000.00 merely calls attention to what is much worse, that the frames could have been replaced, from not less than three other sources, and were not, and that the staff engaged in a knowing misrepresentation. Liebaler, for example, know of it.

WHITEWASH III will be delayed, for I have accepted a number of optortunities to depeak on the radio and in person, because I am in a new part of the files and the material is valuable (but takes time) and because I have decided to answer Menchester's lies. But it will not be too long. If I do a Manchester manuscript in haste, do you think you could retype it?

Liebeler did not by any means announce the Zapruder story, and he is not the source of any information on it. I was in touch with the Beltimore Sun and their reporter spoke to LIFE and printed the soryy two months ago. So much for truthfulness in reporting.

Sincerely yours,

Harold Weisberg

Dear Mr. Weisberg:

No doubt the attached article has come to your attention, however, in the off-chance that it has not, I am forwarding it on to you. It was clipped from "Newsweek", Feb. 6, 1967.

I have a tremendous respect for the research and writing you have done on behalf of the seeking of truth in the dreadful assassination of our President. I have read and re-read "Whitewash" and "Whitewash II", and am eagerly awaiting "Whitewash III" which I ordered last week.

It is apparent to me that you are making super human efforts in your research, and I would line to offer my services to you for any typing, addressing, etc. that could pos-sibly be of help. I share the same intense feelings about this tragedy and its subsequent aftermath, and any assistance I may be able to give in my small way would be my privilege.

Sinderely. se! -jack (Mrs.)Elaine M. Falkner
