

1) Bings New Nation 11/27/66

"Only thing I've seen" that makes  
any diff more is X-ray. He did not  
say what he had or had not seen or what  
making comments "too plain for people,  
he intensity" - disassociates himself

W.M.

Single bullet - ~~was~~ had not more is  
"my presence."

and - you know, Duke Howard, Willy  
Hugon (?) Schomaker?

2) It is usually to report "it is still very  
well established that all the fruits  
came from the UK"

It also do not prove there was a second  
assassin if one did not strike with man

"It is not your duty to be an expert  
Mansfield is not Part 0 of report  
reject"

"Many members of the Commission of Enquiry  
were all asked by single witness "said those  
who came to try after beginning with much - false."

Will not appear now in next report

Reference on "Mansfield - not  
anything", etc

3) Single-bullet - would not say he looked at  
it but not recalled content.

Boggs didn't answer any factual  
question directly & unequivocally  
& at least 2 of the panel knew his  
answers were wrong & not responsive.
