Harold -- as for the attached, it is dated Jan. 30, 1975, so I managed to get at least one right. What I forgot to do was mark each clip according to which addition, but my best recollection is that the Boggs story was in the earlier additions of the NYTimes for Jan. 31, 1975.

Also, I spoke again to my acquaintance who ~~knows~~ knew a bit more about the Boggs Files Affair and his position now seems to be that what he said previously was that it was safe to ~~now~~ assume that you were included among the luminaries in the ~~regarding~~ boggs-fbi dossiers. I am sure he seemed to me a bit more definite than that, but maybe it was bravado. At any rate, you are the biggest burr under somebody's saddle and it looks to me a bit strange that Boggs the Elder would try to do without a ~~him~~ dossier on yourself.

Re the story earlier this year on the spectographic ~~and~~ analysis on the JFK bullets: I am moving slowly (procrastination is the thief of time and the bane of spellers) but ~~hope~~ have learned that the Boston Globe story was in May and was carried by the NY Post, so shouldn't take up too much more time to find it, I hope.
