Dr. King Muted His Criticism of FBI Due to Sex Allegations, Time Says

New York — (AP) — Time magazine says the late Dr. Martin Luther King Jr., muted his criticism of the FBI after its director, J. Edgar Hoover, confronted him with wiretaps allegedly revealing extramarital activities by King.

In an article discussing a new book about King, "The King God Didn't Save," by novelist John Williams, Time gives its version of a 1964 meeting between King and Hoover.

Time says Williams reports the FBI began tapping King's telephone and bugging his hotel rooms in 1963 and while it uncovered no subversion it "did turn up an astonishing amount of information about King's extensive and vigorous sexual activities."

Time continues: "Williams has the correct outline of the FBI tape story. What he does not have is precisely what hap-of the FBI. King took the ad-pened at the celebrated meet- vice. His decline in black esing between FBI Director Hoover and King in 1964.
