Dear Mr. Tatro:

Thank you for your letter and your concerns about the John F. Kennedy  
Assassination.

While I would like very much to be of assistance to you, the Select  
Committee on Assassinations has disbanded after completing its report.  
Our findings, together with all evidence, has been turned over to the  
Department of Justice for them to follow-up. The Select Committee  
has no staff, no office and no facilities for evaluating your questions.  
I hope you understand this dilemma and forward your questions on to  
the Department of Justice.

Cordially,

Dear Mr. Tatro:

This is in further response to your letter of May 25, 1980, pertaining to the action of the Federal Bureau of Investigation on your request for access to records pertaining to the manufacture of the ammunition used in the assassination of President John F. Kennedy.

The Bureau released to you in their entirety the two pages of records which you requested and informed you that a search of its General Index failed to locate any additional documents within the scope of your request. If you believe that additional documents might be located in the F.B.I.'s Springfield Field Office, you may write to that Office at 535 West Jefferson Street, Springfield, Illinois 62702.

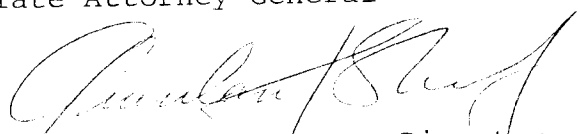

I also wish to advise you that requests for records pertaining to the Raritan Arsenal should be addressed to Headquarters, United States Army Reserve Component, Personnel and Administrative Center, St. Louis, Missouri 63132. In regard to your request for additional help and advice concerning your research, I regret to inform you that this Office is unable to be of further assistance.

Since you have now received all the records you requested, I am closing your administrative file in this Office. Your courtesy and patience have been appreciated.

Sincerely,
