Our Nation is undergoing an era of disruption and violence caused to a large extent by various individuals generally connected with the New Left. Some of these activists urge revolution in America and call for the defeat of the United States in Vietnam. They continually and falsely allege police brutality and do not hesitate to utilize unlawful acts to further their so-called causes. The New Left has on many occasions viciously and scurrilously attacked the Director and the Bureau in an attempt to hamper our investigation of it and to drive us off the college campuses. With this in mind, it is our recommendation that a new Counterintelligence Program be designed to neutralize the New Left and the Key Activists. The Key Activists are those individuals who are the moving forces behind the New Left and on whom we have intensified our investigations.

The purpose of this program is to expose, disrupt and otherwise neutralize the activities of this group and persons connected with it. It is hoped that with this new program their violent and illegal activities may be reduced if not curtailed.

General instructions are being furnished to all offices relating to the purpose and administration of this new program. Briefly, these instructions require all offices to submit an analysis of possible counterintelligence operations on the New Left and on the Key Activists on or before 6/1/68, including any specific recommendations for action. Thereafter, all offices will submit a 90-day status letter setting forth a summary of their accomplishments and future plans. Each office will maintain a pending case and assign experienced
