The cable said that an F.B.I. informant had reported that a supporter of Dr. Starsky was "quoted as making the state-ment that Starsky should be fired because of this incident.?

There are several substantial deletions and the cable ends with the request for "approval" to mail an anonymous letter to the five professors sitting on an ad hoc university committee-Dr. Ross R. began. It then alleged that when Mr. Starsky and his wife had heard of a suicide attempt of one of his "close campus coworkers" he had gone to the man's house, had attempted to retrieve socialist documents, and the men had argued over money. At one point the letter alleged, "Starsky told him that" his two associates would beat him unmercifully."

The letter went on. "It seems to me that this type of activity is something that Himmler or Beria could accept with pride." The letter was signed "A Con-cerned ASU Alumnus"

The committee had ultimately recommended that Dr. Starsky not be dismissed but the board of regents overruled the committee and the late Harry Newburn, president of the universi-ty, and arranged for Dr. Star-sky to take a one-year sabbatical from which "he would not return." Dr. Sparsky has con-tended in a law suit that he has been unable to find work as a professor since then and is now

In a final memorandum re-leased by the F.B.I., the Phoe-nix office reported that an in-formant "advised that the various charges against Starsky brought out during this hearing and other anonymous charges received by the faculty committee members greatly tarnished Starsky's reputation and standing in the academic communi-ty."
