**ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11-22-63, DALLAS, TEXAS
MISC. - INFO CONCERNING**

RECO-READING ROOM
 OCT 5 1 28 PM '64
 FBI

Although the President's Commission's report on the assassination of President Kennedy has been published, it is anticipated complaints and allegations will continue to be received concerning the assassination. Those complaints, allegations and the like must continue to be appropriately investigated and the results reported.

Miscellaneous-type complaints and allegations will be reported under the above caption by Dallas, the office of origin (Dallas file 89-43), while information specifically relating to Lee Harvey Oswald will be reported under the caption "Lee Harvey Oswald, aka., IS - R - Cuba," Bureau file 105-82555, Dallas file 100-10461.

Investigative results should be prepared in accordance with existing Bureau reporting procedures with the exception that 25 copies of inserts and FD-302s, where necessary, should be furnished to Dallas for incorporation in subsequent reports under the applicable captions.

It cannot be emphasized too strongly that thoroughness of investigation is absolutely essential. It will be the responsibility of the office first receiving the complaints or allegations or to whom the Bureau first refers a matter for investigation, to conduct a thorough inquiry and promptly initiate logical investigation where necessary. Meticulous care must be taken in preparing investigative results to preclude the necessity of Dallas making corrections and/or revisions.

RE: ASSASSINATION OF PRESIDENT

Those matters received, which would appear to require prompt dissemination, should be submitted to the Bureau and Dallas in a letterhead memorandum without property stamp. In those instances where investigative results are furnished by letterhead memorandum, inserts need not be submitted to Dallas. Any question which should arise with regard to the appropriateness of disseminating information, should be resolved in favor of submitting a letterhead memorandum at which time a decision as to dissemination will be made or further instructions issued.

NOTE:

This is being sent in order to reiterate prior instructions and to remind our offices and personnel that this matter will continue to be closely followed by the Bureau. The Commission has been requested to advise us to which authority our investigative results should be furnished when the Commission finally terminates all its activities. As of this date we have not been advised; however, all results will be incorporated in report form and disseminated to the Commission or its duly designated authority.
