A copy of the transcript was obtained by The Associated Press.

At the start of the meeting, I J. Lee Rankin, general counsel of the commission, said he had been told by Waggoner Curr. Texas attorney general, that "the word had come out A that Oswald was acting as an FBI undercover agent and that they had the information of his hadge which was given as number 179, and that he was being paid \$200 a month from September of 1952 up through the time of the assassination."

Carr acknowledged going to the Warren Commission with the Information on Oswald and said he recommended "they explore and investigate this rumor thoroughly. I emphasized (to them) that so far as we were concerned, there was no concrete evalence (to pack up the reports)." . .

attorney, who told him the source of the report was a member of the press.

"There is a denial of this in one of these FEI records, as you know," interjected the late Rep. Hale Boggs, D-La., another continuesion memory.

Later, Rankin commented that he and Warren had discussed the report and "we said if that was true and it ever came out and could be established, then you would have people think that there was a conspiracy to accomplish this assassination, that nothing the commission did or anybody could dissipate."

After further discussion the men spoke of their fear that the FEI was trying to maneuver them simply into endorsing the FDI probe and described how the FBI prehably wanted the probe handled.

One undentified speaker said, "They (the FBI) would like to have us fold up and quit." 1-----

"This closes the case, you

Pankin said he had talked to see, don't you see," said Boggs, more to do. The commission Henry Wade, Dallas district "Yes, I see that" said Dulles, supports their conclusions and "They found the man" said we can go on home and that "There is nothing is the end of it." -----Ranlan.
