

If the Post carried the story from GAO via Phoenix when  
L. Patrick Gray was in office illegally, I didn't see it.  
If it was not there, I suspect that it bears on my earlier  
analysis that Gray was leading to the Post and thus gaining  
its support. They did have a favorable editorial some time  
ago. If you can remember the Times story when you get to it  
I'd appreciate a copy. Thanks IM 2/24/75
