Accused of Mafia Payoff

By Jack Anderson

For the first time in FBI history, an agent has been accused of taking payoffs from hoodlums.

reached temporary FBI chief we would like to make six mod-L. Patrick Gray, he dispatched est proposals; a team of inspectors to Detroit investigate. Our sources say the inspectors have uncovered enough evi- mains under the Attorney dence to fire the agent for associating with Mafia figures. It may be more difficult, however, to prove bribery charges should answer to both the reliable. As acting director, L. in court.

An FBI spokesman refused to confirm or deny the story. Our sources stress, however, that only a single agent is involved in the unsavory scandal. Over the years, agents have been fired for drunkenness, for insubordination, even other should concentrate on a few for homosexual behavior. But not a single FBI man has tried to fix a case, defraud ing gossip files on prominent the taxpayers or sell out his country.

record has been achieved by this, a congressional watchdog hiring the best men available, committee should be aptraining them well, convincing pointed with full power to rethem they are the best and view the files. paying them top salaries. We 4. FBI agents should be never be quite the same again.

practices, not of its personnel.

Before a new director takes over, Congress should take a the Mafia. He is assigned to hard look at the FBI. We have Detroit where he allegedly has canvassed a dozen former been dealing under the table agents who were leaders of the with lower-echelon Mafia FBI during its days of glory and who belong in its hall of The moment the allegations fame, Guided by their insight,

- 1. The FBI should be di-FBI vorced from politics, which is impossible as long as it re-General. In our view, the FBI should be established as an independent agency which President and Congress.
 - 2. In this age of specialization, the FBI should be split into two separate divisions, not unlike a professional football team's offensive and defensive units. One should specialize in fighting crime; the counter intelligence.
- 3. The FBI should stop keep-Americans unless there is rea-This amazing scandal-free olated federal laws. To insure

- 5. In the past, the FBI recruited no agents who looked the least disreputable. They were so image-conscious that they weren't allowed to grow long hair, wear colored shirts fornia. or go outside without their coats. To infiltrate the underworld, agents must not only look like hoods but must talk and think like hoods. FBI agents generally are unable to do this and, therefore, must rely upon paid informants whose information is often un-Patrick Gray adopted some important reforms. But still more are needed.

Psycho-Surgery Flap

Those who oppose brain surgery as a way of treating violent prisoners may become violent themselves this week in protests being planned in Cali-

One major target of the protesters: California's posed Center for the Study and Reduction of Violence at UCLA. They charge, but the center flatly denies, that psychosurgery will be performed at the center. The center's critics point suspiciously to the recruitment last year of Boston psychiatrist Dr. Frank Ervin, who has co-authored a controversial book, "Violence 6. Under the late J. Edgar and the Brain," detailing the Hoover, the FBI often feuded use of brain surgery to solve

Dr. L. J. West, the center's director, insisted Dr. Ervin "in no way" is involved in the center's plans even though Ervin's name does crop up among the center's original re-

Ervin himself, meanwhile, has been studying monkeys in Africa and the West Indies for crime-fighting force, since Hoov- the last six months. He is exer gave it a firm foundation. pected back to UCLA, how-
