MR. TOLSON:

The attached analysis of Communism and the Negro Movement is highly explosive. It can be regarded as a personal attack on Martin Luther King. There is no doubt it will have a heavy impact on the Attorney General and anyone else to whom we disseminate it. It is labeled TOP SECRET. However, even such a high classification seems to be no bar today to a leak, and should this leak out it will add fuel to a matter which may already be in the cards as a political issue during the forthcoming Presidential campaign.

The memorandum makes good reading and is based on information from reliable sources. We may well be charged, however, with expressing opinions and conclusions, particularly with reference to some of the statements about King.

We must do our duty.

This memorandum may startle the Attorney General, particularly in view of his past association with King, and the fact that we are disseminating this outside the Department. He may resent this. Nevertheless, the memorandum is a powerful warning against Communist influence in the Negro movement, and we will be carrying out our responsibility by disseminating it to the people indicated in the attached memorandum.

I am glad that you recognize at last that there is a Communist influence in the Negro movement.
