Mr. John S. Fruden, Director Foreign Affairs Documents: Research Ctr. Separtment of State Washington, D.C. 20520

Rt. 12, Frederick, Ma. 21701 3/25/77

Dear Mr. Fruden,

your latter stamp dated today reached me this morning.

It in no way responds to my letter to which response is long overdue.

So someone else found one of your records on me that you do not have? And you are in compliance when you have not caused a further search based on what I told you?

I do have the questions you solicited. One is when did you seceive this record from the FBI and if you have taken more than the time permitted by the Acts why have you?

Then there is the previously-asked question, where are the records relating to my being fired and rehired? That was a pretty notorious business, even in those days. Where are the relevant clippings, the records on all the wheeling and dealing on the Hill, where are the records of my being RIFed, an action Civil Service forced to be retracted? There are more similar ones as you cannot but know.

For years I have been asking for the records in effect at the time I was fired and relating to the Department's obligation to pay me for the period prior to my resignation as well as its obligation to inform me of my rights under law and regulation.

Complying with this request should be easy and quick.

I would like to know why it has not been complied with.

I do appreciate your letting me know of the referral.

But even more would I have appreciated a meaningful and timely response to my last letter.

May 1 please have it now?

Sincerely,

Harold Weisbarg
