NOTE: Mr. Redlich's secretary contacted Mr. Malley 9/4/64 and made reference to SA Knack's report. She stated that while SA Knack's report is completely legible, pages 6 through 10 are light and it is most difficult to reprint such pages for inclusion in the overall Commission report. She asked if darker copies could be provided. A check of Bufiles disclosed only the original of SA Knack's report is in file, therefore, pages 6 through 10 were retyped and copies of same are being furnished to the Commission herewith to comply with its request.

This is how Director Hoover spent his time and tax money, or those under him wanted him to - regarding the federal employees' column in the WxPost and asking for a search of FBI records relating to former Commission employees - after it went out of business.

They found derogatory information on 16! It was derogatory for Mosk to be the son of the California State AG!

An incredibly large percentage were federal employees or had applied for federal employment or were investigated as prospectives, including for judges and AUSAs and Department lawyers.
