

Wed 8/18/11 10:30 am. MSFMSJ 201
"The Place of Justice is a Hellhole Place"
Pa Ave Messare grey melon dino - looked

1 blue - + clothes
Colors tie size hole Grid
jacket - grey
Shirt - 2 blue + 1 brown for white

Chrup of collar to points 394
under button stops below stitched seam + pruned
(worse shit) that comes under 3 stripes
under hole, goes a little higher but a lot
less down - but 2 + 3 rd stripes - less blood under
around this side left fray flopped over from rt.
Rt irregular cut fray from side goes up to
cross stripes on collar. left - frayed at top

Inside of collar 394

Charles Dillon, Shirt maker 444 Park Ave,
N.Y.

Button side - up to seam, fray to left
hole side across + shows O. Most frayed on rt
Shirt + collar both but large across both
under button

395 - Front + back tie left $2\frac{1}{4}$ wide.
left sharp edge, at only frayed about $5\frac{1}{16}$ long $1\frac{1}{32}$
to $3\frac{1}{32}$ wide blood - egg shaped - $1\frac{1}{4}$ wide

394 - light front - hole $1\frac{1}{2} \times 1\frac{1}{4} \times 7/16$
under part of hole up (3) top at the points
is white but neckband is on back of neck
@ shoulder band from 2" to about $2\frac{3}{4}$

testimony from FBI time of 9/6/66
11/66 - M.J. personally got from FBI

like per clothing

^{3/3} FBI C29 dark gray with light
streaks in weave

coat sleeve left, but to left armpit
& then down sleeve & at armpit to
top bottom ctr & up from at pocket
little or no blood visible in len any
of back but does show on both shoulders

394 - 03 ^{part} - verticals on left sleeve
flood darkest at bottom in middle
front left from left top shoulder
all the way across

395 - C31 - wide under sleeve length about 2x1
blue - pattern light, body dark

to be earlier:

6 - CE 393 - back cut with width
from top collar, $4\frac{5}{8}$ - $5\frac{1}{8}$, to right
of seam $\frac{1}{4}$ to 2

CE 394 Show back & front - necks
7 top collar down $5\frac{1}{2}$ to 6. From rt.
seam toward ctr about $\frac{1}{2}$ to $\frac{3}{8}$, & from
triple stripe to rt, about $\frac{3}{4}$, with hole appear-
ing to be about $\frac{1}{4}$ "

8 From collar open, button side slip from
 $\frac{5}{8}$ to $\frac{3}{4}$ from edge, hole side about same

Annexes had me see they in special
safe to which on my & Phred's know
combs.

all 10 - Mission, - was Anthony

~~E. Thridge John Eddy - 10 Miss~~

~~Bill was to check on Jeding 12. at unit
16.74 "may" - Do this mean must before work?~~

For me

① photos - CE 395 - Patterns of front &
back of tie - but to be copied
for anyone

Make marked 1 - his mark not into
lining. ② back no mark at all

(no mark on back collar but - girl said he had)

CE 394 - Patterns of back + cuffs + sleeves

③ back - shows hole - doesn't say if
inside or outside or which is up.
Narrow front up?

④ Cuffs + cuffs - slots at cuffs - identical
with those on shirt. Toward button
hole + button, button cut off. On Button
side, slot goes to seam on hole side.
to seam, possibly further, Heavy
fold

⑤ CE 394 + CE 395 Patterns of
front collar of shirt + tie. Tie laid
in to hole, slot in front but on hole side
of collar pos. part of slot can be seen
