

Note for file:

The F.B.I. reported as of 3/13-47 that information has previously been given this Department through the mediation of the G. case. An informant of that person fails to disclose personal reference therein to Harold G. Quinberg.

Special agent [redacted] reports that after a discussion of the propriety of contacting [redacted] as an informant, that such was deemed inadvisable and of little value.

The F. B. I. is being questioned further in this matter.
