Dear Mr. Rudd,

I'm now 79, in impaired health, and can't take much time for correspondence if I am to do anything else. So, I can't respond to your letter of the 14th in the detail you might want. In general, you should understand that I am not a conspiracy theorist. You may have perceived from that of my work with which you are familiar that I proved that as a matter of fact there was a conspiracy to kill JFK. But that there was a conspiracy does not per se identify the conspirators. In the JFK case, no official investigation was intended officially and none was made. So there are no leads for private persons to follow and I am confident that in the official records not yet disclosed there will be no smoking gun. There isn't in the 250,000 pages of them I obtained under FOIA litigation and do make available to other writers. But I am not in a position to search for them. Perhaps this will indicate why I have no real details on books published here. I have some general knowledge and I regard all of recent years are faulted in various ways and degrees and thus not going to provide factual information to those not in a position to question them as for ascertaining truth they must be questioned.

I can't begin to give you "Up-to-date current" ~~news~~ information. Too much for me now. Or to volunteer what you might find of use.

The field and the amount of available documentation, as distinguished from the exploitations and commercializations which most books are, are just too vast. As you can see when I refer to having 250,000 once-withheld official pages.

I can provide my own books. I do not sell them as so many bookstores do as rare or out-of-print. Except for two they are the prices they were on publication, the changes posted on them reflecting the changed postage rates after publication.

Whitewash: the report on the Warren Report, is now available in an actual-size, good quality xerox, durable binding ~~price~~ for \$25 plus shipping costs.

Oswald in New Orleans is also \$25 and a xerox. It is 8x7 1/2 inches: two pages of the original book on one side of the sheet. Add shipping costs.

Whitewash II and IV are \$6.00 ^{each} plus shipping

Whitewash III, ^a Photographic Whitewash, is \$8.00 plus shipping.

Post Mortem is \$10 plus shipping (as also is my Frameup on the King assassination). It is a large book, weighing almost 2 pounds. as does Frameup. The others are a pound. This is to enable you to estimate shipping costs. If you or any of your people want any, please remit in US funds. Otherwise there are problems and costs for us here in the countryside.

I'm sorry I can't be of more help. and please excuse my typing. It can't be any better.

Best wishes to you all, Harold Weisberg

Re Assassination of John F Kennedy.

Dear Sir,

I am one of a group of interested parties in Britain called the "Fair Play for Oswald Committee". We the group believe that there was a conspiracy to kill the President and that Oswald though possibly involved to a certain degree was never given a fair hearing in the eyes of history.

A number of us have the first of your series of books entitled "Whitewash" and have found it to be very informative. Unfortunately in this country we have great difficulty obtaining literature on this subject.

We would be grateful for any information you can give to obtain the following:-

- 1) Up-to-date current and accurate information
- 2) Details of book publishers available to us in the U.S.A.
- 3) Any other relevant information you think would be of use.

yours faithfully,

Keith Ainsworth
