I used this acainst the momser ropeatedly. Extra copy
The enclosed because I think it mar be of use to you in reflecting how others took that add and think of it.

Yesterday I finish d the draft of Hoar. I have that last chapter to $r$ ead and corroct. I hope to do that today. I thin have a sofy of epilogue I'm thinkinc of as "Caesar's Fieatat," in the sense of what Casjus said to Brutus. From what others heve told me, probably fron hearine him on their local radio or I' $\psi$, he had a law firm with someone named Feraria. ${ }^{11}$ o ha: a single Fiendegole client, one of his victims naned ${ }^{\text {b }}$ erkowitz. $\mathrm{H}_{\mathrm{e}}$ said that notlin: came of tiat bocause $h$ could not ilile acainst a foreign government in the US. (illich he should hove known to begin with.) ${ }^{11}$ e also said that in the course of that he cot 25,000 paces of zecords. That is what led to the book and he gave BerkoWitz 20; oi wiat he got in it. I wonder what he lived on for all the time he dill that ark, collected tint many rocords. And of Berko:itz financed it.

I'd liks to wee the reartits your search for cases he filed. $Y_{\text {ou }}$ said there is no record of hi: filince any. If you agree, I'll apreciate your putting it in correct form, What you searcined, for whet period, etc. And I'd like to credit you with that.

Livingstone phoned thetnieht yesteriay after secing him quoted on something in the Sun. Told hill th $t$ hiss book "is on the trucks." Asked if ho kown me, Moknight said yes, End he then volunteored that ho had been forced to cut sone of what he said about me. Sone time ago I camo to believe that tly libel lamyer they hired so counselled them.

I:: also made passing reference to saying things about lifton.
Unles: Posner lived on his uife, possible becnuse she told Iil she is a model, I (i) vonder how he maneged that Berkowitz business w/o money and got all those records. If I find the rest of $]^{\prime}$ 's nuxde I'1] : end it.
thanks and best,
