Dear Harold,

Paul Koch says you may have ONI
microfilm of LHO's activities pre-USSR.
If so, does it contain valuable material.
And, if so, might I borrow it?

Haven't caught up at all yet,
Look forward to seeing you on Wednesday
　　　　　　　　　　　Bert

I do have both the microfilm and a
printout. I think it is now a waste of time
but you are welcome to borrow either or both.
Several pages were, at the time of microfilming, withheld. Unless it is these
pages, what ^Guy Johnson supplied ONI is missing. I have taken this up with him.

reply

One thing that might serve a use❪ful purpose is to see if those withheld pages
are now available. Guy told me he supplied indications or evidence of homosexual
activities along the lakefront involving LHO. That could be warrant for withhold-
ing, although it other cases it was not. I also have a microfilm of the FPCC file.
I have no reason to believe it is now significant. I think if it is, it cannot be
as significant as other things, for we have moved forward from some of the issues
once important (in my view). The ONI files is largely copies of what is available
in other files, clippings, etc....If you haven't noticed, Stoner of now one of
Ray's crominal counsel, as is Hill, the man on whom you could get nothing (but if
you can get access to the morgue of the Chattanooga papers you might), and Ryan...
The more time goes on, the more I become convinced it was a big mistake not to
proceed with a suit by me, and the more times pases without filing it, the greater
the danger the wrong precedents will be set by the wrong people using the wrong
