Dear Dad,

There is always so much to cover after a trip, I forgot things, two of which came to mind this a. . . when I was writing Larry Finley.

I had spoken to him by phone when I was at the Chicago airport. He asked me for what I have on the Dominican threat vs. JFK in Chicago. I have CDS 47:44-5 and 149:~~455~~⁴⁵⁶, which I am sending (99149:2 withheld by FBI). There may be other things I do not have, and it is possible that 149:2 was later declassified, before the 1970 review, which does not include it. I have written asking PI if he has anything more, and I've told Larry of our Golden files.

If you have anything further, would you please ask Bob to send it to Larry? I'd also like to know. I have a feeling there are some reports I saw and didn't copy back in 1966 when I first went through that file.

I forgot to tell Larry that he might ask Jack Warner, Secret Service p.r. man if he can say anything, if they feel this incident was what Golden was really talking about.

And I forgot to tell you that I asked Ivon, Bob and David for readowns on Lou Davis. Jim also knows him well. I've had no response and I have no reason to expect one. If it still seems like something worth looking into, I'll have to do it in person when I'm next there. I did not ask Tommy Baunler, who is as rabid, because Tommy has been his lawyer. Which should tell you something of Davis. FYI, a number of people long ago told me that Davis financed or helped finance Walker's march on Oxford, Miss. (Meredith case) and tried to recruit them for it. All, like Jack Martin, are undependable sources.

I was in N.O. right after the King assassination, and the word (from Barbara) then was that he had disappeared and his phone was disconnected. David doesn't recall his source, but he is confident it was not B. A disconnected phone, with his millions, is strange, if true. Aside from race, B's philosophy is about as far to the right. Courtneyish. She has now disappeared, with a disconnect intercept on her phone. I did seek her. Nobody knows where she is (that is, nobody I had time to hunt, including Bob).

Best,
