

JL- afterthought re enclosures on Pam, John George

5/5/75

These should give you an idea of my earnestness in saying that I absolutely will not have Bud giving any of my work, whether from me or from Garrison's files, to anyone under any circumstances without my okay. Bud never did any work in HCU. He sat around talking big and drinking all the paranoia in and copying all he could copy. He has no idea of the meaning of some of my work. And I'm not about to agree to its getting into the hands of other nuts. Bud should never have had it and I'll be capable of making a very strong effort if he lets any of it out. I've told him this, written it to him and he lives his own fictions. I am serious and if you can persuade him of it we'll all be better off in the long run. This also means his giving so much as a single sheet of my work to any colleague. Just because Bud copy it does not mean it is not mine. And this is separate from what Bud got from me for other purposes and then put in the CIA's files knowing I strictly prohibited it.

Besides, people could get hurt. HW
