Dear Mary,

Leavelle will be here next month. I look forward to spending some time with him. I've told him he is free to go over anything we want to and to xerox what he may want. I've told him about some FBI DFD records and the large file I have of the FBI IG's report on the Hosty note destruction. If there is anything you'd like, would you please tell him so he can copy it when he is here for you?

When Waybright first told me they were in touch and that Leavelle had a daughter in Virginia, I asked him to extend my invitation. From Leavelle's letter I take it that Richard did not do that.

My new book is going to be published. I know no more than that, having been told only yesterday. I've not yet gotten the contract.

I've heard nothing from the States Attorney's office. I do not know that ~~this~~ this has to mean anything but I am inclined to believe that if the top man is not away it means that it has not been rejected out of hand.

Harry has not favored me with any more of his blessings so I take it he has been busy with High Trash 3.

I hope that "busy" is as inadequate as I'd like it to be!

I'm sorry the xerox of the Sony color print of the enclosed is not clearer than it is. It was a remarkable experience! We do hope your problem in that area is past!

Our love to you both,
