

Dear Hal,

3/24/01

Thanks for your 3/17 and your enclosed mailing labels.

I've written Aguilar, Fetzter and Mantik the enclosed. If you know of any statements along those lines that they have made, I'd like to know them.

I kept the little you sent me on Fetzter and it is a small file I'll retrieve when I ~~am~~<sup>am</sup> cleaned my desk off a bit. Remember, I have to sit sideways at it and that makes for accumulation than can get mixed up, alas! I would like to use what you had in Rose's sheet. Did you include his, Fetzter's remarks? I've checked. You sent me the 7/98 issue. But what I'm missing is all the apologies Fetzter made for his many mistakes and any account for his convention in Minnesota. *Know who has them?*

Specter put forward no alternative to the SBT. He brags about it and about persuading Warren to accept it. I've finished with it.

If the video <sup>tape</sup> Palamara sent you was made by Specter, I'd like to have a copy and will pay for it. I see little of use in what Palamara provided Fetzter and nastiness that has no foundation in what he says about the Secret Service.

There can be no alternative to the SBT because without it they lack even the pretense of no conspiracy.

Dave's book is delayed but that is because the chief editor, who is too busy, wanted to do it himself. As of the last I heard.

*Thanks best,  
Hal*
