Dear John,

Thanks for the Ray clip. Local papers, nothing. With his lawyers, no surprise. But you should see what I now have! Separated this stuff and will be filing suit on it before JFK material. Waiting for overdue response to two letters to close possible escape routes. Ray's gotta live!

Have you moved? Your use parents' return address, so I added to envelope I'd forgotten to mail. No word since from Blair.

I can't afford Times, in time or money, so glad you are watching for me.

We're okay, but both recovering from non-specific virus settled in throats. Worse with Lil. I had fever but single day.

Total pages, both parts COUP, without appendix or notes, still to be completed, 502 (at 500 words each!).

Hope you are well, happy- and very scholarly!

Best,
H
