Dear John,
I've got the flue or sometiing an I'll be brisf.
I'm makinf a speech in Brewater $3 / 28$ sn I'll coms $u$ o to NY the dey before, nerhens the dey before thet, ond try snt get the legel thinge scuared away. Possibly there er other things I'dl ba abls te do. If I felt bettsr I'd sugzeet ecre talk shows. Eut by then I'll be olaj.

The Netional Enquirer has a copy of the limited edition of COUF. They promised to return it early neat meek. I'll sak them to see if you wart it. that is the limited edition, with the excerpts in plece und up to dste. I turned on a guy with duplicating fecilities on a Vashingtion thik shom and I'll so on have a fem more copies. That is essier to rea than the mie. Fellow there is Bill Dick. Frobably LOOK will stick with Huie, who msy have hed some card up his sleve. This now deal is a package Foreman out togeth : oni I'll vrite an epilogue on Rey and Sirhen so steting. 'his is eo uncharacteristic of Foremen. I've been suspicious since he entered the case, though at first I considered it crly for respectability. It has been seen to that there 1 a no judicial proceeding with ony possibility of consideration of copspiracy. Unless Rey is tapt to himeele, he's good as dead. I thinir hetll gon tumble to what hegrered to hir. I suspect Foremen convinced him Le'd be killed by in inmgte unless he deelt.

Having be en ill end not $u$ to good mork, I've been reading. I got a clue to what to expeet from uie's " 3 Livea for Miss." Eastlond! He'll be off and runing, looking for "reds", the ${ }^{h}$ line the poople of ils naandertigl persuesion have pushed from the very baginning.

Thatter of fact, Couple days ago I got a report the TBI is interesied in me in $\mathrm{N}_{\mathrm{I}} \mathrm{O}$., on the ground people lite me are reepomsible for Garrison and I'm "剈 as sodiate of Comrunists". Do they mean you?

I didn't phone you right away, es soon as this Ray thing broke, to ceuse ${ }^{-}$havecone to knne the publishere too well. On this subject their prome motivetion is not immexiate profit. But if there are tha hints I expect from Ray, that he hes come to understend whet hes hompened to him, it mey chenge. Perhsps.

> Best regards,
