Dear Mike,

It is also delicious compared with what I'd been able to get locally.

That in addition to the thoughtfulness and kindness.

And the care in packaging.

And rushing the shipment.

For all, many thanks!

I hope your stay in Tenn. satisfies you and that all goes well there, as well as it can. Which I fear is not as well as it should or that we'd prefer.

The state is not going to admit it erred and certainly the FBI is not.

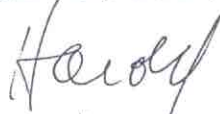

If they ever let a case get into court it will all come apart on them.

If they were not so well aware of this the determination not to let Jimmy get a liver so he can survive and not to let him have a trial would not be as fierce as it has been and is.

Please give Jimmy our best wishes and the hope that despite all the odds against it he prevails. As I think he knows, I did all I could to establish his innocence and did that in court despite the refusal of the judge to be honest.

Tell Jerry I hope he finds a large enough unused outhouse with the proper acoustics for his concerts.

Again many thanks,

Harold Weisberg
