Dear, Mr. Weisberg

By the grace of God I pray this letter finds you and your most precious love ones in the best of health and very high spirits. I'm here at the Detention Center once more for speaking the truth about matter. I was reading the news paper on february 22, 1997 and seen your name once again speaking on what you believe in and what is truth and facts. I stand behind you one-hundred percent. Its been a big cover up from the start, the government did that killing, and it was plan to see from the very start, they tried there best to brain wash the world. But you kept the faith and believed in what you knew from the start Ray didn't do it. Mr. Weisberg I've learned so much from you over the year, and just knowing you helped me stay strong through life and its struggles. You are a great and wonderful person whom I deeply trust and love, you will always be in my thoughts and prayer forever. May thoughts of you carry on forever and ever, tell your wife I said hi! Well I've been here for 10 months already and I havint wasted anytime at all trying to

learn and gain more knowledge about my purpose in life. Sometimes we make big mistakes sometime small, but mistakes are things we do, its not who we truly are. I know I'm a Child of God and I have a purpose here in this life and after this. I've filed a lawsuit against the Frederick County Board of Commissioners, for an assault that took place here by the correctional officer here. Its been a uphill battle but I will keep fighting it. I've written numerous state officials in regards to my civil suit, but its all a cover up too. I trust in God and know he will win, I give him all the glory and praise. Mr. Weisberg you are very gifted with wisdom and knowledge and no one can take that away. Well I don't want to tie your eyes any longer, I have four months left here and this time through I've learned a lesson, and gain knowledge and wisdom. Mr. Weisberg it would be greatly cherished if you could send me one of your books you have written over the year. I still have the one you sent me once before and I cherished it from day one. So if you have one sitting around can you please send it to me, I would read it while I'm here these last 4 months. Well I'll close for now may God bless you and your love ones.

Sincerely,  
Larry E. Hiler Sr.
