Dear Mr. Graham,

Thanks for your good wishes. I do appreciate that very much.

I'm sorry that the way Case Open was butchered in being cut and published led to confusion.

What it was supposed to convey is that what was cut out would later be available at two educational institutions.

I still have had no explanation of why 75-82 was just cut out, by which I mean by entire chapters.

The same people have been sitting on NEVER AGAIN! for close to two years. They have broken each promise they made about when it was to appear. My last inquiry, after having reason to believe they are now reneging on their promise for this coming March, after more than two weeks is without response.

If I were not going on 82, in delicate health, not permitted to lift more than 15 pounds, etc., I'd have published myself. But that was and is not possible, they know it, they do what they damn please, and as a practical matter there is nothing I can do about it.

That is why I cannot make xerox copies of what they butchered out for people.

I have two other manuscripts I've not even offered them and won't.

I regret they'll have to wait the future when perhaps there can be some interest in them.

I'm more than just sorry that it is not possible for me to make what was removed from Case Open available in copies. In the future it will be available at those two schools, for research there.

I hope your holiday is a good one and that the new year is good for us all.

Sincerely,

Harold Weisberg

Dear Mr. Weisberg,

Hope this finds you doing well.

I have purchased books from you before and always look forward to one of your new ones.

I also purchased your book Case Open at a bookstore. In this book you said you would have a longer version, later. ~~It is~~ Is it available yet? also, what happened to your book never again mentioned in Case Open?

Please let me know if these are available.

Keep up the good work and have a Merry Christmas and a Happy New Year.

P.S.

stamps enclosed

Thanks,
